Subject: CAG May mtg agenda & PR Symposium

Hi All.

Well, it's getting to that time again. So what do your schedules look like for the next week or so? The only availability I have this week is Thursday. I'm open most of next week. We need to discuss the agenda for May (I don't have my notes with me on the possibilities and I'm not in the office this week until Thursday so I'll send a follow-up email then with that information). I'd also like to discuss the abstract I submitted for the Passaic River Symposium. I haven't received confirmation yet from Kirk Barrett as to whether or not it was accepted as a presentation, but I would expect to hear that soon and so we should have a gameplan in mind. Also, it was brought to my attention that the group SETAC, which has a yearly conference in November, has as its theme this year - Bringing Science to Communities - so it was suggested we might want to submit an abstract to give a presentation at that as well. That conference is in Portland, OR. Just wanted to pass that along.

So please get back to me and let me know if Thursday works or if not, what your availability is for next week.

Thanks,

Elizabeth
